College Visits

“I think that this opportunity is very helpful for students who may not have the option of going on campus visits with their parents. More events like this should be available.”

“ Tony’s family moved to the U.S. for him and his sibling’s education. He recognizes that his family sacrificed a lot for this opportunity therefore he applies himself fully at school. He is a leader of DECA and an active member of Key Club. Tony is also very involved in CAN. He frequents the CAN office during lunch, after-school, and attends sessions regularly. This summer he has two internships and will be working on his personal statement with his coach Cole. Tony’s goal is to attend UW Foster School of Business. ”

College Services

“Currently I am a senior at UWb, after having transferred from Seattle Central College. CAN has been of great support to my transition. They helped me with writing my personal statement, connecting with scholarships, reminder of deadlines, and checking up on me with any additional support they can provide.

Having experience at two different types of institutions has broadened my horizons. I have met a lot of new people, and had a lot of educational contributing factors to help me declare my major and continue my lifelong dream of becoming an elementary school teacher.”
