GARFIELD HS

# Recruiting Incoming Garfield Freshmen!!!

## Y-Scholars

**Empower compassionate, capable black youth to create legacies of excellence**

Y-Scholars is a free college access program for African American students at Garfield High School. Each year we recruit 30 incoming freshmen that have the goal of attending a 4-year university.

### Program Highlights Include:

- Afterschool study sessions during the week featuring support from Garfield teachers and tutors from local universities. Snacks too!
- Monthly fields trips to in-state and out-of-state colleges, movies, businesses, and more!
- Individualized college readiness support (SAT Prep, college applications, personal statement essays, scholarships, etc.) during junior and senior years which has resulted in **100% college acceptance rate**.
- Academic support, social support, and incentives during all four years of the program.
